

# GREAT AMERICAN Waterways

June 27 - July 14, 2019

Departing Once Only!  
18 Days from \$5,895 per person

At Uncommon Journeys & Train Holidays, we have long had a reputation for designing holidays that are without equal in terms of imagination and uniqueness and to this end, we have created a brilliant itinerary: downtown Chicago to New York City by small coastal liner via Lake Michigan, Lake Huron, Lake Erie, the Welland Canal, Lake Ontario, the historic Erie Canal and the Hudson River, to name just a few. Nicer still, not only will our guests view America, up-close at 'see level' but we have included an amazing collection of ports on the way like quaint Mackinac Island, Wyandotte, Michigan, Cleveland, Erie, Oswego, NY, and West Point.

Happily, in addition to interesting ports, our 'pocket' cruise ship, the 88-passenger Grande Caribe is the perfect antidote to those tired of huge, mass-market cruise ships carrying 4000 guests at a time. With an all-American crew, life aboard is casual and informal with no need for 'dressing up'. Meals are superb and are naturally included in the fare. Snacks and beverages are available 24 hours a day and there is a comfortable observation lounge in addition to open deck space. Better still, is what the Grande Caribe does not offer: no napkin folding lessons, tired Vegas-style cabaret shows, gold chains by the inch and the relentless 'nickel and diming' found on so many ships nowadays. Guests enjoy a low-key, relaxed voyage on a well-designed ship, able to get up close to small ports of call. All cabins are comfortable with in-room facilities and both the lounge and dining room can seat all guests at one time.

Since one can never have enough time in Chicago, our guests enjoy not only an overnight stay aboard the ship docked right in downtown Chicago before we set sail, but also a pre-cruise hotel stay in Downtown Chicago thus allowing ample time in the Windy City. We have intentionally left plenty of free time to explore all that Chicago has to offer including the nearby Art Institute and Grant Park, the Museum of Science and Industry. Saving the best for last, after our voyage from Chicago to the East Coast, we disembark in New York City in the heart of Manhattan under the watchful gaze of the Statue of Liberty. Of course, this holiday is fully escorted by a professional tour manager from start to finish with special parties and events both ashore and aboard the Grande Caribe. But, with only 44 cabins, this voyage will fill up quickly so prompt reservations are encouraged!
