Santa Catalina Island

While biased, our new Vista-Dome Great Western Explorer is a masterpiece, a visual feast offering up some of the most extraordinary sights of the American West, combined with exceptional sightseeing, superb hotels and a leisurely pace. This holiday is a trip of superlatives: from the deep blue waters of Lake Tahoe to the overwhelming splendor of Hearst Castle, to the California Coast (which we travel alongside for 131 miles by train!) to the awesome majesty of the Southwest, not to mention the incomparable Yosemite National Park! Both departures feature something no one else can offer, passage from Chicago to Reno aboard our special vista-dome equipped 'Great Western Limited' with traditional Pullman sleeping car accommodations, fine dining and a style and manner of overland travel that has all but vanished. And with just 24 lucky passengers, fine service and personalized attention are assured. We have included such rare treats as a ride aboard the newly restored Virginia & Truckee Railroad into historic Virginia City, Nevada, steamship passage to the lovely Catalina Island and a visit to the famed Santa Monica Pier just to name just a few delights awaiting our guests. Naturally, all sightseeing and admission fees are included in the tour price. With remarkable hotels like the Silver Legacy Resort in Reno (a two-night stay) and the superb Westin Hotel in Los Angeles (also two nights!). Last but not least, there is a professional tour manager to handle all the details so that you may concentrate on the important matters like whether or not to enjoy the crab omelette or the fresh tuna at our lunch in quaint Morro Bay CA.

In an age sadly filled with cramped flights without meal service where there is a charge for a pillow, our guests enjoy First Class sleeping car travel with beds and pillows! This way, you will have an up-close view of all of the majesty and beauty of the Great American West.
